It is true. Youporn is the 35th most popular site according to Alexa.

And according some experts mentioned in [this post](#) by GreatBong, a certain sister in law is an abomination in the face of Indian culture and poison for the morals of it's youth. (That long winded quote taken from this post)

And if you have no idea what site is being referred to here, you can get more information from [this very helpful site](#).

Haha.... great stuff! Checked out GB's entry from here. Digging the humour in your comics.... subtle.. yet very impactful! No didn't ROFL yet... but might do so if you carry on like this!

vs // August 22nd, 2008 at 3:52 pm 3

I like the selection of topics u take up in your comics even better, than the way you treat them. Excellent work overall ... i'm subscribed to your comics now!!

Saad Akhtar (Author) // August 22nd, 2008 at 6:47 pm 4

@garam: Are you telling me you'd never seen the strip (no pun intended) before? If so, then I'm sorry for the loss of innocence. That's the bad thing about the internet – You can't UNSEE a thing. And on the internet, not only are there too many non-seeable things to see, but what's worse, there's always PORN of that un-seeable thing (Rule 34), which you inadvertently see. This usually happens when your boss/mother/prospective girlfriend is standing behind you.

@Kunal: Thanks! Wasnt meant to be a ROFL site... Initially I started it as a rant

comic... but hey if people find it funny, double yaay!

@VS: Thanks for subscribing! You're right. Most of the times I'm not satisfied by the end result. In my defense I'll say I just started... But I'm learning from others.. seeing how people do it. Hopefully it'll get better. Keep sending in the feedback though 😊 Something I learnt after starting this was – making comics is not about graphics, it's about writing. Still learning.

savita gets this beni all garam....
[what a shockingly bad line]

I hate to suck the fun out of it, but Savita Bhabi *could* be improved. The stories....c'mon. A little more imagination...thoda aur titillation...thodi aur masti..? But no, its just dumb slam bang straight away.

One imagines this is a case for the Practical Moral Police 😊

garam beni // August 23rd, 2008 at 7:30 pm

Rule 34 is brilliantoskaboom, sir. Thank you for introducing me to this all encompassing all powerful law of modern life.

Saad Akhtar (Author) // August 24th, 2008 at 12:30 pm

7

@gamram: Savita B **COULD** be improved, just like most porn movies **COULD** be improved and have oscar winning performances, superb camera work and tear-jerking dialogue. But that would defeat the point, wouldn't it.

Rule 34 is a double edged sword, my child. Wield it with care. Remember Once you have seen something, you cant unsee it.

it is poison to indian culture, and our new generation, because bhabi is respective relation to everyone, but.....
nothing

Saad Akhtar (Author) // September 26th, 2008 at 5:10 pm

9

@pradeep: I say Sure, bhabhi is a respectable relation. But hey, she's not getting jiggy with her Devar! For everyone else, she may be a Bhabhi, but she's not **THEIR** bhabhi!!

savita // April 27th, 2009 at 1:03 pm

22

dude even my name is Savita but i m not affected by this particular site, its all on you how u take it, according to me Savita Bhabhi is a good site giving confidence to and showing a real picture of our community, You say it is bad but can u tell me how many of your friends has not yet gone through such sexual pleasure

Saad Akhtar (Author) // April 27th, 2009 at 1:19 pm

23

@savita: You do realise that the comic was a reflection of the hypocrisy concerning pornography in India? Concerning my friends, well they're all blushing virgins and would NEVER EVER do such a thing! These things corrupt our culture and rob the youth of their precious bodily fluids.

BTW, you say your name is Savita, but the email address you entered says Sanju something. I'm just saying...

Ashish // May 19th, 2009 at 2:55 pm

Saad Akhtar (Author) // January 5th, 2010 at 9:14 pm

@usharma: Yes, noble intentions... but a few tips. Girls will not call you just because you left your phone number. Since obviously flyyoufools.com is a dating site, I advice you to link up your photo (both nude and casually dressed)and your hobbies (long walks on the beach, banging head on your cell wall, etc). This will greatly increase your chances of finding love in MP.

P.S. Suck what?

@Saad

Savitha Bhabhi truly destroys Indian "cultures" going by that comment. xD

You ought to use these comments someday as a basis of a comic. Really, endless possibilities of LOLness awaits. 😊

In the country like india where bhabi is considered as mother, these kind of sites are

really a shame.Its a sin, to even think in this manner for bhabis.This site should be closed with immediate effect as it wrongly dippicts a bhabi.
Please friends raise ur voice against this site. (SAVITA BHABI IS A SHAME). Please do something for betterment and preserverence of our culture and values for God sake stop it.

Nizam
